

My name is Helle Bekker, I live in the southern Denmark and have for many years been very active in the Danish Kennel Club both as a trainer, in club work, our dog judge association, ring staff, exhibition committee and of course as a judge.

When I was a child we had Labrador retriever and Collies, my first dog of my own was a Golden Retriever and later we got the first English Cocker Spaniel, I started as a breeder of English Cocker Spaniels and most recently I have been breeding Bichon Havanais for several years. We have also had other breeds at home, which only have been family dogs and show dogs. For many years, family, work, showing dogs and various jobs in the Danish Kennel Club have taken up the time, but after the children have grown up, there has been more time to judge at home and abroad, and I really enjoy this. As a person, I am very curious about dogs and their history, characteristics, use in everyday life, anatomy, temperament, etc.

Best Regards Helle
